

Collections and Programming (CAP) Grants

Deadline: March 10, 2017

About the Program

Collections and Programming (CAP) Grants are \$5,000 grants to expand collections for a target audience and to increase access to those collections through programs. Program ideas include, but are not limited to, lectures, cultural events, workshops, facilitated discussions, field trips, and library "outposts". CAP grants afford opportunities for library staff to reach out to community partners. The primary purpose of the grant is to provide resources for community members with defined needs such as at-risk children, the aging population, people having difficulty using the library, and others targeted in the LSTA priorities.

This grant is paid for with LSTA funds and all federal regulations apply. For eligibility requirements, refer to the [current grant guidelines](#).
